

News from Norm and Kathy Smith

Living Out Mark 2:1-12

September 28, 2008

Have you ever carried an ill person on a blanket when there was no stretcher available?

Earlier this week Norm & I had the privilege of helping an ill member be put into their car in order to be taken to the clinic in Oaxaca city. As we, her husband and the Mitla administrator were carrying this lady who was too ill to walk to their car, I thought to myself but didn't verbalize it that we were living out the scripture from the book of Mark. In the passage there are 4 men carrying a sick man who cannot move his arms or legs. Our member had been in bed for 5 days and was dehydrated. I rode with the husband and we were able to get her admitted to the hospital that evening.

No Stretcher available, What do you do?

One kind of castle we will be studying.

Norm & Kathy Smith - APDO 4 - Mitla, Oaxaca 70430 - Mexico

PS: Update: Please pray for Kathy as FES starts next week and she is not feeling well with an upset stomach. Thanks.
